	AGREE	NEITHER AGREE OR DISAGREE	DISAGREE	TOTAL
Wildflower areas	86.39% 127	10.20% 15	3.40% 5	147
Planting of Native species	82.99% 122	13.61% 20	3.40% 5	147
Bat Boxes	66.67% 98	26.53% 39	6.80% 10	147

#	IF THERE IS ANYTHING ELSE , WHICH IS IMPORTANT TO YOU PLEASE TELL US HERE.	DATE
1	Piles of stones or similar for hedgehogs	3/1/2020 7:12 PM
2	More trees for wildlife and possibly a pond.	3/1/2020 5:29 PM
3	As we have agreed that the new housing in the village will mean some trees will be taken down, I think it is very important to plant more trees. Trees are good for the environment. Trees provide protected homes for birds (away from domestic pets). Trees provide lovely spaces for people to gather.	3/1/2020 5:23 PM
4	The land should be kept as natural as possible to protect the wildlife.	3/1/2020 1:22 PM
5	We are surrounded by countryside and nature. We're also increasingly environmentally conscious these days. Wildlife matters.	2/29/2020 8:07 PM
6	The owls that hunt the voles and mice in the field behind the school	2/28/2020 11:44 PM
7	Water feature / small pond extension of brook for example to encourage wildlife diversity	2/28/2020 10:25 AM
8	Insect housing	2/27/2020 4:57 PM
9	Perhaps some bird boxes,	2/27/2020 4:28 PM
10	Owl boxes	2/27/2020 3:50 PM
11	Vital that we have rough areas and that we don't get obsessed with everything being short and tidy which is a disaster for wildlife. Leaving areas of grass long for instance and cutting once or twice a year rather than every week or two.	2/27/2020 12:33 PM
12	Unpolluted streams that are regularly cleared	2/25/2020 4:35 PM
13	Woodland areas to try and attract rabbits, badgers, etc.	2/24/2020 12:30 PM
14	The absence of any litter anywhere would be utopia!!	2/23/2020 3:02 PM
15	How can 'well planned pathways' be introduced retrospectively. This is a village and a very old one at that. Pathways are what they are, unless contained in new developments and these would be governed by new development planning rules.	2/23/2020 2:47 PM
16	bird nesting boxes, mouse boxes, pond	2/23/2020 10:01 AM
17	1)"Insect Hotels" 2) Hedgehog "tunnels" between different areas	2/20/2020 10:13 PM
18	The development of the stream to be a working play area for children with supervision. Sponsoring tree planting from villagers 'in memory' or as part of the general planting . Solar panel lighting. Ensure the whole area is eco friendly	2/20/2020 1:27 PM
19	Tree planting Protect insect life, including bees. Avoid use of pesticides. Ensure wildlife-friendly hedgerows. Grow trees in hedgerows. Bird boxes Encourage Hedgehog Highways: https://www.hedgehogstreet.org/planning-advice-hedgehogs/ Streetlights should not stay on all night because they confuse birds	2/18/2020 8:52 PM
20	A water area would be really important. So much of the water ways around the village are sterile given the type of farming which is conducted here.	2/18/2020 6:36 PM
21	Wildlife should be encouraged wherever possible and making this link for the younger generation will become increasingly important as we aim towards the government climate change targets. ideas such as new planting, limiting the impact of new houses, highways for wildlife are all important aspects.	2/18/2020 11:57 AM
22	Hedgehog corridors, bird boxes	2/17/2020 8:04 PM
23	Care for amphibians, frogs toads newts and reptiles slow worms grass snakes etc	2/17/2020 7:10 PM
24	Nice to have but not essential and it will depend upon what open space becomes available and who is responsible for its upkeep, planting sounds great until bushes and trees become overgrown and the costs escalate to keep them in check.	2/17/2020 6:00 PM
25	A pond with ducks.	2/17/2020 12:59 PM
26	Somewhere for the kids to go and clubs for them in the villagr hall as there is nothing for them	2/17/2020 12:22 PM

	here	
27	Any wildlife planting to encourage birds, butterflies and insects.	2/17/2020 12:05 PM
28	We are already in the countryside so should not need any of the above	2/17/2020 11:27 AM
29	Involving communities in the projects opening to all villagers to offer help.	2/17/2020 9:58 AM
30	go further - encourage insects especially bees and other pollinators by planting bee friendly flowering shrubs in communal areas throughout and around the village	2/17/2020 9:32 AM
31	Nature does a great job if it's allowed to. Wouldn't it be of more use to support nature and stop the use of pesticides and removal of hedges to allow nature to do it's job.	2/17/2020 8:53 AM
32	Supporting other wildlife like hedgehogs, foxes, hare etc	2/16/2020 2:57 PM
33	I would like to see mature tree planted to give the area instant appeal and to instantly help wildlife	2/14/2020 3:10 PM

Q2 Social

Answered: 147 Skipped: 0

	AGREE	NEITHER AGREE OR DISAGREE	DISAGREE	TOTAL
Ensure any space is universally accessible	94.56% 139	4.08% 6	1.36% 2	147
There are well planned pathways	91.84% 135	5.44% 8	2.72% 4	147
There are sufficient benches	86.39% 127	10.20% 15	3.40% 5	147
There is a communal area with picnic tables	60.54% 89	29.25% 43	10.20% 15	147
An area for a "pick me" project or community allotment is included	43.54% 64	40.14% 59	16.33% 24	147

#	IF THERE IS ANYTHING ELSE, WHICH IS IMPORTANT TO YOU PLEASE TELL US HERE.	DATE
1	There should be outdoor spaces that are universally accessible in this village, but I don't think it is necessary to make ALL spaces universally accessible.	3/1/2020 5:23 PM
2	The area should be kept as natural as possible.	3/1/2020 1:22 PM
3	Village allotment for growing vegetables Secure and well lit Suitable for dog walking.	2/27/2020 4:57 PM
4	"Pick me" areas a nice idea, although these areas need someone to constantly maintain them and ensure the areas are not abused/vandalised.	2/27/2020 11:56 AM
5	It is essential to provide dog poo bins and to enforce rules on cleaning up. Should have dog free zone where children can play without dog mess. I say this as a dog owner myself. Dog poo on shoes is disgusting and has health risks.	2/27/2020 8:47 AM
6	Ideally fairly centrally placed to attract all villagers.	2/25/2020 4:35 PM
7	To ensure that areas where people walk are dog free. There is so much dog dirt in Hullavington village on pavements etc. that something needs to be done.	2/25/2020 3:15 PM
8	Sufficient waste bins.	2/24/2020 4:59 PM
9	Benches can only be provided if space permits. Who will maintain them?	2/23/2020 2:47 PM
10	That whatever is provided is not ruined by dog owners who are too lazy to pick up after their dogs.	2/23/2020 10:24 AM
11	car parking, easy access without gates being locked, whilst accessible to everyone this area needs to be natural as possible with uneven grounds for kids to play within, trees to climb with open space for games. It needs to be low maintenance without encouraging vandalism - things like picnic benches could be subject to being damaged. Why not build a stone bbq or stone picnic benches.	2/23/2020 10:01 AM
12	Possibly a stand-alone Bar-B-Q - as long as any Health and Safety requirements or restriction are met	2/20/2020 10:13 PM
13	Dog friendly area, or somewhere to tie them up while using the facilities.	2/20/2020 8:20 PM
14	Eco toilet and water on site. Solar lighting to mark pathways. Litter bins available.	2/20/2020 1:27 PM
15	Public area needs to be away from the street	2/19/2020 9:39 PM
16	Accessibility is not always a good thing if it disturbs wildlife. There's a balance to strike. Proper maintenance of existing public footpaths. Too many get overgrown or excessively waterlogged. Proper maintenance of stiles, bridges and signage is needed. Important to maintain what we've already got!	2/18/2020 8:52 PM
17	Much of the area in and around the village is very rural and so not great for picnics. It would be lovely if families and friends could informally meet and play.	2/18/2020 6:36 PM
18	Safe walking access	2/17/2020 8:04 PM
19	Space means indoor and outdoor, it is vital that the Village Hall gets a new home at the end of its life span, the land rental is colossal compared with income generated. Also because it is a pre fabricated construction it will require constant upkeep compared with more permanent structures.	2/17/2020 6:00 PM
20	Communal spaces need to be centrally located and easily visible to succeed. It's about spontaneous interactions that builds lasting usage. Not just planned events. Perhaps better use of the outside space and facilities around the pub.	2/17/2020 12:20 PM
21	Parking would be good, although we would want villagers to walk to the park, it would be nice to encourage those from outside the village to visit and for that to happen parking would be necessary.	2/17/2020 10:12 AM
22	Benches in pub car park// outsider or near village shop?? if possible . Flower and veg boxes to make it more inviting. May encourage greater use of pub and shop? Church school and village hall too?? Benches for meet and chat in particular.	2/17/2020 9:58 AM
23	Pathways and public footpaths already exist, they should be maintained.	2/17/2020 8:53 AM

24	Local pub with decent sized garden - also provides space for picnics etc & communal activities	2/16/2020 2:57 PM
25	Litter bins	2/16/2020 11:54 AM
26	I love the idea of a communal allotment or project	2/14/2020 3:10 PM

Q3 Outdoor sport and play

Answered: 147 Skipped: 0

	AGREE	NEITHER AGREE OR DISAGREE	DISAGREE	TOTAL	WEIGHTED AVERAGE
An attractive playground, that is fit for purpose, exciting & Inclusive	91.16% 134	5.44% 8	3.40% 5	147	1.18
Somewhere to play informal sport	85.03% 125	11.56% 17	3.40% 5	147	1.30
Specific pathways for Jogging or Cycling	63.95% 94	20.41% 30	15.65% 23	147	1.72

Outdoor gym equipment	42.86% 63	41.50% 61	15.65% 23	147	2.14

#	IF THERE IS ANYTHING ELSE WHICH IS IMPORTANT TO YOU PLEASE TELL US HERE.	DATE
1	A pathway for jogging, walking or pushing baby prams that went all the way around the village would be wonderful! A cycling path that goes through the village would also be good, especially as our traffic begins to increase. However, making a cycling AND jogging path might not work. My experience says that ambling, walking, and jogging are sometimes mutually exclusive to allowing keen cyclists a space to pull out all the stops!	3/1/2020 5:23 PM
2	These questions are difficult to answer. What we would find desirable/acceptable would depend on where this facility was sited. We enjoy living in Hullavington for, among other things, the relatively peaceful place that it is. A noisy playground on our doorstep would definitely detract from living in this currently peaceful place.	2/29/2020 8:07 PM
3	Having moved here around 10 years ago there has always been talk of an area by the village hall that was supposed to have been a playground, I would also be interested to know if spaces like the above to come to fruition whose responsibility would they come under as most would need upkeep and maintenance. Strongly agree we need to keep green spaces in our village	2/29/2020 6:13 PM
4	The area suggested is very close to my house. We get all the noise from the school but at least that is term time only. We don't what noise from a play ground as well. I don't want the peace of the countryside to be spoilt.	2/28/2020 11:44 PM
5	A park in Hullavington would be really wonderful please :) Also the outside gym equipment and a place to play tennis would be a great asset here too. We need to be promoting healthier living & what a place to start :)	2/27/2020 4:58 PM
6	It would be nice to have some sort of pavilion/shed including a small kitchen area For clubs to store equipment and to be able to make teas, etc for any matches would be idea	2/27/2020 2:10 PM
7	Cricket wicket / nets	2/27/2020 12:33 PM
8	Re outdoor gym/attractive playground - take a look at Crudwell (village hall.) A good example of an area very well used by the community.	2/27/2020 11:56 AM
9	We have no play area for the children in this village, the parish council have previously said the funding is available, we need the space to create one!!	2/27/2020 11:37 AM
10	A lack of open playing / sports field (Cricket, football type flat open space is a big missing for a village of our size. As is the lack of children's play area. The play space in Luckington is a great example of what we should be aspiring to.	2/27/2020 11:16 AM
11	Please see my comments above about dog poo bins and dog free zone	2/27/2020 8:47 AM
12	Children's play park is an absolute priority. Hullavington is the only village without one in this area. It should also be dog free.	2/25/2020 3:15 PM
13	A multipurpose sports area - like the one in Grittleton - would be more useful than just a tennis court. For example, I know adults who would like to play netball. Scooter/skateboard ramps have been requested by my son.	2/24/2020 4:59 PM
14	These ideas seem rather unrealistic for a village; a town maybe. How is land to be provided for these questions as many are beyond the requirements for village development	2/23/2020 2:47 PM
15	Ground level trampoline incorporated in the play area. Keep fit equipment for adults. ECO toilet if possible. Water available for cold drinks. Gazebo/sun shades available.	2/20/2020 1:27 PM
16	The whole area is already ideal for jogging and cycling. No additional infrastructure needed for this.	2/18/2020 8:52 PM
17	We are lucky to live in an area where there is plenty of space for jogging and cycling. As a keen cyclist the only thing I would ask is that cycle access is factored in and the area is not cited in such a way that only people with cars can safely access it.	2/18/2020 6:36 PM
18	A large enough maybe enclosed area with poo bins for dog owners	2/18/2020 12:09 PM
19	Personally I feel that outdoor gym equipment is very well meaning but I never see anyone really using it, I just wonder if it is the best use of limited resources in terms of money and space. Instead of single use court like a tennis court could there be a Multi Use Games Area (MUGA) similar to welly place or Grittleton.	2/18/2020 11:57 AM

20	It needs to be the right space reasonably flat and well drained, ideally between Hullavington and the Airfield. I have put disagree to most of the answers as they are more applicable to much larger new developments and many more homes paying for upkeep. Could easily over burden the pensions of the elderly in the community. Luckily none of this will be delivered and if it is must back of a new development, the upkeep of which is paid for through homeowner site management costs.	2/17/2020 6:00 PM
21	Definitely a range of play equipment for different aged children in the same space with NO DOGS allowed.	2/17/2020 1:13 PM
22	An outdoor gym would be nice	2/17/2020 12:58 PM
23	Look at some form of club house or using the village hall in different way to bring these different things together. Eg a tennis court with a club ethos, belonging and social side will have a bigger impact on the community. Make it easy for people to book courts via an online app.	2/17/2020 12:20 PM
24	The village is not just for OAPS, please cater for younger generation. It's not about trying to win Best Kept Village award	2/17/2020 11:27 AM
25	My answers are based around noise basically. So the noise of a tennis ball or table tennis ball being batted all the time isn't appealing, but a path for jogging or cycling would be great.	2/17/2020 10:44 AM
26	The children of the village needs something to do outside, that suits all ages.	2/17/2020 10:28 AM
27	A tennis court wouldn't necessarily be top of my list but we would definitely need a multi sport court, similar to that in Grittleton. My children are 11 & 8 and although swings and play equipment are good for all, they would love for somewhere to play football, rugby, cricket etc. Perhaps some outdoor climbing equipment suitable for older children?	2/17/2020 10:12 AM
28	Outdoor gym for adults and children a priority table tennis good for families	2/17/2020 9:58 AM
29	Somewhere for teenagers to play football/hang out but not feel removed from the community. A range of play equipment for all ages. The new sherston playground has an excellent range.	2/17/2020 9:48 AM
30	Nothing too precious and very robust play equipment	2/16/2020 11:54 AM
31	The playground needs to cater pproperly for all age groups. It should be as inclusive as possible. Our children and grandchildren deserve a proper playground. There is a great opportunity to provide something fabulous and it would be a huge pity to end up with a substandard, neglected and unpopular play area again.	2/14/2020 3:10 PM

Q4 Do you feel that any public open space within the parish should be accessible to all?

Q7 Please leave any additional comments here letting us know how you would like to see outdoor facilities being developed in the parish.

Answered: 39 Skipped: 108

#	RESPONSES	DATE
1	Given that part of the purpose of this recreation facility is exercise and public wellbeing, I'd specifically have no parking at the site. This would make people walk there in the first instance and promote efficient land use, too. Taking into account the fact that many of our children don't even walk to school, it seems reasonable to conclude that they wouldn't walk the length of the village to a play facility (or that parents don't want them to walk for reasons of safety). This logically suggests a site in the middle of the village as the most convenient area. Do we have such a site?	2/29/2020 8:07 PM
2	I think that an area for children to be encouraged to play outside is very important. Not just for toddlers but for teenagers too. We did try a few years ago but this was blocked by the parish council and the older generation. I really hope this is not repeated!!	2/29/2020 11:53 AM
3	Put the facilities up Parklands end where there is space	2/28/2020 11:44 PM
4	I think in general we should try and make things accessible but sometimes it's not always possible. Or the costs can be prohibitively high and so not a good use of limited finances	2/27/2020 6:02 PM
5	Park for children Outdoor gym equipment Better & safer running & cycle routes	2/27/2020 4:58 PM
6	I'd like to see The Street, road and pavements cleaned/swept. There's an awful lot of mud at the side of the road and tree debris on the pavements under overhanging trees.	2/27/2020 4:28 PM
7	It's important to think about maintenance of the area. Who looks after it, cuts the grass etc	2/27/2020 2:10 PM
8	Include edible trees within plantings. Do not go for the standard amenity species which are chosen for ease of management rather than for benefit to community or wildlife	2/27/2020 12:33 PM
9	On accessibility - I agree that we should be considering this wherever possible however we should also consider that we are a rural village and should not over develop spaces purely for accessibility or not include options because of accessibility restrictions.	2/27/2020 11:16 AM
10	The area needs to have something for all ages, to involve the whole community. The play area at Sherston is a good example of a play area for young and older children.	2/27/2020 11:04 AM
11	Control dog mess in public places and prioritise the introduction of a quality children's play park.	2/25/2020 3:15 PM
12	Our public spaces should be looked after and well thought through, not just stuck on the end of new home building projects.	2/24/2020 6:31 PM
13	My feeling is that youngsters have long missed out on an up-to-date play park and certainly in comparison to adjacent villages, some of them smaller than Hullavington, we have lagged behind. I think recreational facilities for children should be a priority.	2/24/2020 2:32 PM
14	It is important that outdoor facilities should be accessible to the whole community and be well maintained. Specifics Such as outdoor tennis courts or table tennis tables may have limited appeal.	2/24/2020 12:30 PM
15	Access to does not necessarily grant access across or through.	2/23/2020 2:47 PM
16	Is there an area in mind for all the above facilities?	2/23/2020 8:19 AM
17	Hullavington is a small country village, and that is the way I'd like to keep it. Many years ago there was a football pitch at the end of the village and Hullavington had its own football team but sadly, possibly through lack of interest, the ground and team slowly died. I visualise the same thing happening to the proposed project.	2/21/2020 7:59 PM
18	With concrete plans for facilities suitable for all ages in the community I would hope that members of the community could be encouraged to participate in creating such areas.	2/21/2020 7:31 AM
19	Allow for additional facilities to be provided, or existing facilities to be extended, as the population of the village increases.	2/20/2020 10:13 PM
20	This space needs to be fully accessible to all in the village community and attractive to all who use it.	2/20/2020 1:27 PM
21	The village is in desperate need for some communal outdoor space to cater for both children and adults.	2/19/2020 9:39 PM
22	We definitely need more spaces for small children and teenagers. And we desperately need a	2/19/2020 1:22 PM

	better play park, two swings and a slide is a bit pathetic and very boring for kiddos.	
23	I am really pleased to see thought being put into this, thank you. Perhaps the village could also arrange signposting the basketball court which is very under-used	2/18/2020 6:36 PM
24	Sadly we have waited for years for a decent children's play area, my kids have now grown up. Instead of a lot of talking and surveys, can one just be provided so that the next generation don't miss out like the last????	2/18/2020 5:26 PM
25	Play area should be removed from the school field as it is inaccessible.	2/18/2020 5:08 AM
26	An attractive green space, accessible to walkers, with plenty of trees , shrubs and native plants, with an appealing play area encouraging adventurous play.	2/17/2020 8:04 PM
27	Open space to be provided and delivered by clubs who will fund raise and add their own ideas to ensure any open space is looked after (pride and ownership). Access to the wrong people (some disabilities) can easily put them in danger.	2/17/2020 6:00 PM
28	As far as I am aware there is only a limited space available for all of this. As nice as it would be to have wildlife meadows and allotments, the biggest issue is the lack of a proper park for the children that is available all day, everyday and not the pathetic excuse of a playground we have that is only available outside of school hours. Cycle and jogging paths are a nice idea, but unless they are somehow able to circuit the whole village, I see no point. Outdoor gym equipment is another nice idea, but in reality I can't see it getting used very much in the wonderful British weather and will have additional costs associated with it for upkeep and maintenance. Outdoor table tennis would be pointless as we have too much wind in the UK.	2/17/2020 3:56 PM
29	Distinct dog free zones where children can play, easily accessible on foot in Hullavington please.	2/17/2020 1:13 PM
30	Bringing outdoor, sports and social space together will help establish and sustain things. Create more community, improve health, wellbeing, and tackle loneliness. But needs to be an integrated thing. Not isolated events.	2/17/2020 12:20 PM
31	The most important is a lovely playground for all ages	2/17/2020 11:50 AM
32	It's a peaceful village and I would like to keep it that way, hence some outdoor activities including a play area do not appeal to me I'm afraid.	2/17/2020 10:44 AM
33	Great that you're doing this - thank you. Would love a network of accessible paths (hard packed stones?) that form a loop for dog walkers (with poo bins and bags) and possibly a cycle path or shared facility.	2/17/2020 10:42 AM
34	Would it be possible to send a questionnaire to the children in the school? It will be them using the park after all!	2/17/2020 10:12 AM
35	Prioritise what is affordable and the best option as initial development with a possibility for future development over the years	2/17/2020 9:58 AM
36	It's fantastic to know that there is a plan to provide outdoor facilities, it's just a plan. BUT having an idea of when would be useful. Where's the time scale, where's the vision! What will it look like? Where will it be? More information is required by Hullavington's residents. It shouldn't be a secret! Also how are such facilities to be maintained, who's going to pay for that?	2/17/2020 8:53 AM
37	Urgently needed as soon as possible Needs to be robust and vandal proof	2/16/2020 11:54 AM
38	Guided walks around the village would be lovely	2/15/2020 5:57 PM
39	With a proper long term view, not going for the short term fix. Aiming high and supporting that ambition.	2/14/2020 3:10 PM
